

Excerpts from my field diary (July 2009 onwards)

Pankaj Oudhia

Use of Methi and Kali Musli based combinations with Medicinal Rice and Millets in treatment of Type II Diabetes and associated diseases through ST-268.

Pankaj Oudhia

Introductory Note

In Traditional Healing, the Traditional Healers of Indian state Chhattisgarh use Methi (*Trigonella foenum-graecum*) and Kali Musli (*Curculigo orchioides*) based combinations with Medicinal Rice and Millets in treatment of Type II Diabetes and associated diseases through Special Treatment 268. They use it in form of 52 weeks schedule in four sets. I have documented this Traditional medicinal knowledge and added it in Type II Diabetes report in Ecoport.

Recent Ethnobotanical surveys resulted in new information and based on it I prepared modified schedules by adding new herbs and herbal combinations. The basic as well as modified schedules are present in CGBD database. The efforts are in progress to make CGBD database online. The present documents show basic and modified schedule no.1.

Modified (**Methi [GMethi] based Special Treatment 268**) 52 weeks schedule (in four sets) for treatment of patients having [Diabetes](#) with other diseases as suggested by the Traditional Healers of [Indian](#) state [Chhattisgarh](#). **SET 1-WEEK 1.** [Related Article](#).
